Big Little Truths by Liane Moriarty (Adult Fiction)

The last time we saw the women of Big Little Lies, their children were five years old. If someone wasn't invited to a child's birthday party, feelings were hurt. But ten years have passed, and the kids are now in high school, with all of the drama that accompanies teendom (goodbye playdates, hello drugs, sex, and alcohol). When the high school principal receives a threatening package in the mail, word quickly spreads throughout the community and parents are in an uproar.

But Madeline, Celeste, Jane, Renata, and Bonnie have other things to worry about. Celeste's mother-in-law, Mary Louise, is behaving oddly, Madeline is facing perhaps the biggest challenge of her life, Jane is at a dangerous fork in her marriage, Bonnie has realized there's only so much solace in yoga. And Renata? Renata is living her best life--revenge is sweet. When a stranger begins lurking around the school asking supposedly innocent questions, this tightly connected group of women must finally face the full repercussions of the big little truths they have and haven't shared with their kids. Because the stakes are

This is Me

by Hayden Panettiere
(Adult Biography)

Hayden Panettiere's career in entertainment began before she could talk. From her first gig as a Michelin baby to roles in cult classics like *Remember the Titans* and *Raising Helen*, as well as popular soap operas *Guiding Light* and *One Life to Live*, Hayden built an impressive resume by the time she entered middle school. Throughout the early 2000s, she starred in millennial favorites like *Racing Stripes*, *Heroes*, and *Scream 4 & VI* and earned two Golden Globe nominations for her starring role of Juliette Barnes in *Nashville*. The squeaky-clean face of Neutrogena, she was Hollywood's girl next door and subjected to all the fame, attention, and expectations that came with it. In an era of relentless paparazzi with an appetite for celebrity breakdowns, naysayers were certain this young starlet would crash and burn. Not one to disappoint, she did. In this irreverent, intimate, and inspiring memoir, Hayden holds nothing back. What started as a fun job for a child took a

decidedly darker turn as she came of age. She exposes the pressure and exploitation young stars face before they're old enough to know themselves, and how easy it is for them to lose control of their own narrative and, ultimately, their lives.

Hayden was the target of brutal tabloid headlines picking apart her body, and she performed storylines onscreen that mirrored her real-life trauma. She suffered post-partum depression, addiction and recovery, domestic abuse, and the loss of her beloved little brother. Despite everything, Hayden managed to take these experiences, which she calls "lifequakes," and emerge from them stronger, no longer afraid to use her voice or show her true self. She's played the part of a misfit hero, a superstar, a survivor, a cheerleader, and an all-American fresh face. In THIS IS ME, Hayden stars in her most heart-wrenching and unforgettable role yet: herself. This is her story, on her terms.

that crosses state borders and family lines. In New York City, a series of deadly bombs explodes. Across the river, a military base is burglarized for munitions. In Montana, violence and arson rock a small town outside of Bozeman. Are the incidents related? Bennett, Trilling, and the ATF investigate. A single-minded group angry with the government keep turning up in unexpected places, insisting that they're only trying to make the world a better place. To law enforcement, their claims seem delusional. Will words or gunpowder light the next fuse?

Theo of Golden

by Allen Levi
(Adult Fiction)

Questions linger about Theo, a pleasant but mysterious stranger, after his arrival in the southern city of Golden. Who is he, and why is he here? He arrives early one spring and by chance -- or is it? -- he visits a coffee shop where 92 framed pencil portraits are on display. Inspired, Theo sets out on a mission of purchasing all the portraits one at a time and quietly bestowing them on their 'rightful owners.' Stories are told; friendships are born; and lives are changed. Theo of Golden is a beautifully crafted story about the power of creative generosity, the

Communion

by J.D. Vance
(Adult Nonfiction)

An intimate account of why Vice President JD Vance strayed from the Christianity of his youth and what led him back to faith. *Communion* is a spiritual exploration of what it means to be a Christian in all the seasons of life JD Vance has experienced -- as a child, a young man, a husband, a father, and a leader. Picking up in some ways where *Hillbilly Elegy* left off, *Communion* recounts how Vance's pursuit of material privileges ultimately led him into a secular wilderness. *Communion* reveals how Vance regained his faith and discusses his conversion to Catholicism, how his faith guides his work in public life, and how it shapes his thoughts about the future.

REGIME CHANGE

Inside the
Imperial Presidency
of Donald Trump

Maggie Haberman
Jonathan Swan

#1
NEW YORK
TIMES
BESTSELLER

Regime Change

by Maggie Haberman and
Jonathan Swan
(Adult Nonfiction)

A riveting, intimate, and revelatory account of the most radical and consequential presidency of our time. From the two reporters who have covered him more closely than perhaps anyone else over the past decade comes this definitive portrait of Donald Trump in the White House. *Regime Change* covers the first year of Trump's second presidency--a term liberated from every constraint that defined his first. The generals who once told him "no" are gone, and the lawyers who remain have learned to pick their battles. His administration has flouted court orders and he has claimed powers that Congress once checked. What remains is a President willing to take enormous risks that have upended global markets and toppled heads of state; an imperial President operating almost entirely on instinct alone. Based on hundreds of interviews and unprecedented reporting from deep within the administration's most closely guarded rooms, *Regime Change* takes the reader inside the Situation Room and into the secret Oval Office deliberations that have launched a new war in the Middle East and seen

Trump seal the border, surge National Guard troops into cities, and send immigration agents into deadly clashes with protestors. Maggie Haberman and Jonathan Swan bring us behind the scenes of a presidency that has transformed the culture, turned the Justice Department into an agent of retribution against the President's enemies and the office itself into a brazen vehicle for profit. They reveal a second term propelled by a historical irony that Trump himself has come to understand: that the indictments, the convictions, the assassination attempts, and four years of exile made him not weaker but far more powerful, more vengeful, and more willing to gamble than any President in modern history.

misunderstood? Either way, she's kept her secret buried for decades. Enter seven-year-old Persephone, a relentless little chatterbox who has just moved in across the road (armed with stickers, questions, and no sense of personal boundaries); Joan, who appears to have it in for Elsie; and a healthy dose of public interest -- the cops are sniffing around, and the media is circling like seagulls at a picnic.
